Subject: Plan for the day

Good Morning Linda,

Just saw your email as I was typing up my plan for the day. Today I will be working on the terms and conditions for some treated seed language for the FIFRA mitigation that we talked about with Melanie. This is for having the registrants providing contact information and responding to disposal questions and having some sort of plan set up. I will also be doing pre-stamp check if there are any available. I hope you have a great day.

Best,
Quinn
